

PRICE FORECASTING Services

DAY-AHEAD: HUPX + SEE SPOT SUPPORT

- Day-ahead and Week-ahead HUPX forecast report, with Post-HUPX report - 490 EUR per month

MONTH-AHEAD: HUPX and SEE Trading Tool

- Extensive Month-ahead price forecast reports, 560 EUR per month

10-Year price forecast for HUPX and SEE power markets 2025 - 2035

- Hungary, Romania, Bulgaria, Greece and other SEE countries

MONTH-AHEAD TRADING ADVISORY

- Extensive analytical document with optional in-person videolink presentations

BI-Weekly Risk and Portfolio report

- For all tradeable products in Hungary and SEE, covering also updates on local and global risks

MONTHLY REVIEW - *Know your markets*

SEE Monthly Power Review + SEE Weekly Power Review

- Detailed review of SPOT and Forward markets in SEE, natural gas, EUA and coal price moves
- Power balance, consumption, generation, transmission and much more - 690 EUR per month

ENERGY NEWS service

Over 33,000 energy news for SEE
The most comprehensive news and data
info source for SEE, Hungary and Turkey

Web access | PDF Publications | Excel files
Historical data | Professional support

1,190 EUR annually, company licensed - unlimited
number of user

COUNTRY REPORTS

Detailed overview of power sectors for
countries of South Eastern Europe

**Over 1,200 pages of all must-know energy info
for 8 countries of SEE**

290 EUR per country, company licensed, with 12
months of free updates

All 8 reports - 1,190 EUR for Energy NEWS service
subscribers

Table of content: Bosnia and Herzegovina (192 pages)

Chapter 1: Basic Info	6
1.1 Basic info	6
1.2 Energy potential	11
1.3 Electricity prices	17
Chapter 2: Electricity market opening and trade	24
2.1 Introduction	24
2.2. Sanctions against BiH by Energy Community	26
2.3 Electricity purchase/sale tenders	28
2.4 Establishment of Bosnian electricity exchange	28
Chapter 3: Market players	29
3.1 Utilities and authorities	29
3.2 Electricity trading companies	49
3.3 Companies involved in generation projects	49
3.4 Arbitration for TPP Ugljevik (Slovenia - RS dispute)	50
3.5 Arbitration for TPP Gacko (Croatia - RS dispute)	52
Chapter 4: Privatizations	54
Chapter 5: Electricity projects	55
5.1 Generation projects	55
Completed Projects	56
5.1.1 Thermal Power Plant Stanari	56
5.1.2 Hydro Power Plant Bocac 2	58
5.1.3 Hydro Power Plant Bogatici-Nova	58
5.1.4 CHPP Zenica	59
In Development/Announced Projects	60
5.1.5 Thermal Power Plant Tuzla, new unit	60
5.1.6 Thermal Power Plant Kongora	67
5.1.7 Thermal Power Plant Kakanj, new unit	67
5.1.8 Thermal Power Plant Bugojno	68
5.1.9 Thermal Power Plant Banovici	68
5.1.10 Thermal Power Plant Gacko, new unit	70
5.1.11 Thermal Power Plant Ugljevik, unit 3	72
5.1.12 Combined Heat and Power Plant Zenica	75
5.1.13 Thermal Power Plant in Miljevina mine	76
5.1.14 Thermal Power Plant Kamengrad	76
5.1.15 Two gas-fired power plants in RS	77

5.1.16 Hydro Power Plant Ustikolina	77
5.1.17 Hydro Power Plant Vranduk	78
5.1.18 Hydro Power Plant Unac	80
5.1.19 Hydro Power Plant Vrilo	80
5.1.20 Hydro Power Plants on Neretva River	81
5.1.21 Hydro Power Plant Bjelimici	81
5.1.22 Hydro Power Plant Glavaticevo	81
5.1.23 Other hydro projects - EP BiH	81
5.1.24 Hydro Power Plants on Trebisnjica River	81
5.1.25 Hydro Power Plants on Drina River	85
5.2.26 Hydro Power Plant Janjici	92
5.1.27 Hydro Power Plant Krusevo	93
5.1.28 Hydro Power Plant Ulog	93
5.1.29 Hydro Power Plant Mrsovo	93
5.1.30 Hydro Power Plant Dubrovnik 2	95
5.1.31 Hydro Power Plant Cijevna 3	96
5.1.32 Hydro Power Plants on Vrbas River	96
5.1.33 Cascading HPPs on Vrbas River	98
5.1.34 Hydro Power Plant Bistrica	98
5.2 Transmission projects	99
Chapter 6: Renewable energy	101
6.1 Introduction and feed-in tariffs	101
6.2 Small hydro power plants	110
6.3 Wind energy	115
6.4 Biomass & biogas energy	137
6.5 Solar energy	138
6.6 Geothermal energy	149
Chapter 7: Consumption, generation and export	151
7.1 Electricity consumption	151
7.2 Electricity generation and export	153
Chapter 8: Existing generation facilities and electricity transmission	160
8.1 Thermal Power Plants	160
8.2 Hydro power plants	172
8.3 Electricity transmission	178
8.4 Transmission capacity and monthly auctions - Patterns and graphs	184

Table of content: Bulgaria (232 pages)

Chapter 1: Basic Info	5
1.1 Basic info	5
1.2 Energy potential	17
1.3 Electricity prices	25
1.4 Electricity export fee	38
Chapter 2: Electricity market opening and trade	40
Chapter 3: Market players	60
3.1 Utilities and authorities	60
3.2 NEK - KEVR - Distributors dispute	86
3.3 Issues related to stability of the system	90
3.4 Resignation of government and CEZ issue	92
3.5 EC report on energy sector (2014)	94
3.6 EC and World Bank report on local energy sector (2013)	95
3.7 Most recent EC report on Bulgarian Energy Holding	95
3.8 Long term contracts with two US-owned power plants	96
3.9 Sale of CEZ assets	100
Chapter 4: Electricity projects	108
4.1 Nuclear Power Plant Kozloduy, new unit	109
4.2 Nuclear Power Plant Belene	115
4.3 New unit in Thermal Power Plant Maritsa Iztok 3	125
4.4 New unit in Maritsa Iztok 3 complex	125
4.5 Hydro Power Plant on Maritsa River	126
4.6 Gorna Arda hydro cascade	126
4.7 Hydro Power Plant on Danube	128
4.8 Pump-storage HPPs Batak and Dospat	128
4.9 Rehabilitation of Hydro Power Plants	128
Chapter 5: Renewable energy	131
5.1 Introduction	131
5.2 20% income tax for wind and solar producers	138
5.3 Grid access fee	140
5.4 Small hydro power plants	140
5.5 Wind energy	141

5.6 Biomass & biogas energy	145
5.7 Solar energy	145
5.8 Geothermal energy	151
Chapter 6: Consumption, generation and export	153
6.1 Electricity consumption	153
6.2 Electricity distribution	158
6.3 Electricity generation and export	164
Chapter 7: Existing generation facilities and electricity transmissions	172
7.1 Thermal Power Plants	172
7.2 Hydro power plants	197
7.3 Electricity transmission	199
7.4 Transmission capacity and monthly auctions - Patterns and graphs	206

Table of content: Croatia (186 pages)

Chapter 1: Basic Info	5
1.1 Basic info	5
1.2 Energy potential	12
1.3 Electricity prices	14
Chapter 2: Electricity market opening and trade	19
2.1 Introduction	19
2.2 Liberalization of electricity market	28
2.3 Restructuring of HEP and IPO	36
Chapter 3: Market players	38
3.1 Utilities and authorities	38
3.2 Electricity trading companies	70
3.3 Companies involved in generation projects	71
3.4 HEP - Prirodni Plin - INA dispute	71
Chapter 4: Privatization and restructuring of HEP	73
Chapter 5: Electricity projects	76
5.1 Generation projects	76
5.1.1 Thermal Power Plant Obrovac	78
5.1.2 Thermal Power Plant Plomin	78
5.1.3 Thermal Power Plant Sisak	82
5.1.4 New unit in CHP Zagreb	82
5.1.5 Thermal Power Plant Ploce	84
5.1.6 Thermal Power Plant Rijeka, revitalization	84
5.1.7. New unit in Thermal Power Plant Osijek	85
5.1.8. Gas fired Thermal Power Plant Slavonski Brod	86
5.1.9 Nuclear Power Plant Krsko	86
5.1.10 Hydro Power Plant Ombla	88
5.1.11 Hydro Power Plant Dubrovnik 2	90
5.1.12 Hydro Power Plant Kosinj	90
5.1.13 Upgrade of existing HPPs	92
5.1.14 Vis Viva project	93
5.1.15 Pump-storage HPP Blaca	93
5.2 Transmission projects	94
5.2.1 Recently finished projects	95

5.2.2. Announced projects	95
Chapter 6: Renewable energy	96
6.1 Introduction and feed-in tariffs	96
6.2 Small hydro power plants	118
6.3 Wind energy	118
6.4 Biomass & biogas energy	128
6.5 Solar energy	136
6.6 Geothermal energy	147
Chapter 7: Consumption, generation and export	155
7.1 Electricity consumption	155
7.2 Electricity generation and export	157
Chapter 8: Existing generation facilities and electricity transmission	163
8.1 Generation capacities in neighboring countries	163
8.2 Thermal Power Plants	165
8.3 Hydro power plants	169
8.4 Electricity transmission	172
8.5 Transmission capacity and monthly auctions - Patterns and graphs	178

Table of content: North Macedonia (105 pages)

Chapter 1: Basic Info	5
1.1 Basic info	5
1.2 Energy potential	12
1.3 Electricity prices	15
Chapter 2: Electricity market opening and trade	19
2.1 Introduction	19
Chapter 3: Market players	25
3.1 Utilities and authorities	25
3.2 Electricity trading companies	29
3.3 Companies involved in generation projects	29
3.4 2021-22 energy crisis	30
Chapter 4: Privatizations	36
4.1 Privatization of ELEM	36
4.2 Recent privatizations	36
4.2.1 Privatization of ESM	36
4.2.2 EVN-ELEM dispute	37
Chapter 5: Electricity projects	38
5.1 Generation projects	38
5.1.1 Nuclear energy	38
5.1.2 Nuclear Power Plant Belene involvement	39
5.1.3 CCGT Energetika	40
5.1.4 Hydro Power Plant Boskov Most	40
5.1.5 Hydro Power Plants Cebren & Galiste	41
5.1.6 Thermal Power Plant Negotino	45
5.1.7 Involvement in gas-fired projects	46
5.1.8 Hydro Power Plants in Vardar valley	47
5.1.9 Hydro Power Plant Gradec	47
5.1.10 Hydro Power Plant Veles	48
5.1.11 Lukovo Polje accumulation	48
5.1.12 CHPP project by Mitsubishi	49
5.1.13 CHPP project by Mytilineos Group	49
5.2 Transmission projects	50
5.2.1 Recently finished projects	50
5.2.2 Planned projects	50

Chapter 6: Renewable energy	53
6.1 Introduction and feed-in tariffs	53
6.2 Small hydro power plants	58
6.3 Wind energy	60
6.4 Biomass & biogas energy	65
6.5 Solar energy	65
6.6 Geothermal energy	73
Chapter 7: Consumption, generation and export	74
7.1 Electricity consumption	74
7.2 Electricity generation and export	76
Chapter 8: Existing generation facilities and electricity transmissions	83

8.2 Hydro power plants	88
8.3 Electricity transmission	91
8.4 Transmission capacity and monthly auctions - Patterns and graphs	94

Table of content: Montenegro (140 pages)

Chapter 1: Basic Info	5
1.1 Basic info	5
1.2 Energy potential	16
1.3 Electricity prices	19
Chapter 2: Electricity market opening and trade	24
2.1 Introduction	24
2.2 Electricity purchase/sale tenders	29
Chapter 3: Market players	30
3.1 Utilities and authorities	30
3.2 Dispute related to KAP electricity bills	46
3.3 CGES - EPCG dispute	51
3.4 Electricity trading companies	52
3.5 Companies involved in generation projects	53
Chapter 4: Privatizations	55
4.1 Recent privatizations	55
4.1.1 Brief overview	55
4.1.2 Privatization of EPCG	55
4.1.3 A2A - Government dispute	58
4.1.4 Privatization of TPP and mine Pljevlja	61
4.1.5 Recapitalization of TSO CGES	63
Chapter 5: Electricity projects	64
5.1 Generation projects	64
5.1.1 Thermal Power Plant in Maoce coal basin	64
5.1.2 Thermal Power Plant Pljevlja - 2nd unit	64
5.1.3 Coal mine and Thermal Power Plant Berane	69
5.1.4 Hydro Power Plants on Cehotina River	69
5.1.5 Hydro Power Plant Krusevo	70
5.1.6 Hydro Power Plants on Moraca River	70
5.1.7 Hydro Power Plant Komarnica	74
5.1.8 Hydro Power Plant Boka (Bileca Lake project)	76
5.1.9 EPCG's gas-fired projects	77

5.2 Transmission projects	78
5.2.1 DC cable toward Italy	78
5.2.2 Podgorica-Tirana power line	83
5.2.3 Pljevlja-Bajina Basta power line	83
Chapter 6: Renewable energy	85
6.1 Introduction and feed-in tariffs	85
6.2 Small hydro power plants	90
6.3 Wind energy	97
6.4 Biomass & biogas energy	103
